

Auction to be held at Fisher More Hall, Bishop Eton, Woolton Road, 7.30 pm. Friday 31st March

If anyone unable to attend would like to bid for any items, please email jjsharrock@gmail.com, giving the item lot number, title and your maximum bid.

If more than one person pre-bids on the same item, the highest maximum will take precedence. If there are 2 or more pre-bids with the same maximum, the first received will take precedence. However, all those who bid the same maximum value will be notified and given ONE chance to state a higher maximum if they so wish.

In any event, if the stated maximum is BELOW the reserve price, it will not be carried forward. However, you will be notified that this is the case and asked if you wish to submit a higher maximum bid.

During the live auction, the winning pre-bidder will be represented by proxy, with an opening bid equal to the reserve price for the item. The proxy bidding will continue until either your maximum bid has been reached or the bidding has stopped. At this point, if your bid is the highest, you win the item at the price where the bidding stopped.

Example: you decide to bid for an item with a maximum bid of £50.
Yours is the highest pre-bid and the reserve price for the item is £30.
On the night, your proxy vote starts the bidding at £30.
If there are no other bids, the item is yours for £30.
If the bidding continues to £40, the item is yours for £40
If the bidding continues beyond £50, you lose the item.

Pre-bids cannot be accepted for online auction items
